

VIVEK KUMAR

Frontend Developer || 8006328244 || kmrivivek94@gmail.com

PROFILE SUMMARY

Experienced Front-End Developer with 3.4 years of hands-on expertise in developing interactive web interfaces and integrating RESTful APIs. Adept at translating complex requirements into clean, efficient code.

EXPERIENCE

Cipher Square Technologies (Dec 2021 - Present) (Frontend Developer)

As a Front-End Developer at Cipher Square Technology, I was responsible for building responsive and dynamic user interfaces, integrating backend services through RESTful APIs, and optimizing performance for a secure and seamless user experience. I worked on multiple modules including UPI, DMT, AEPS, Recharge, BBPS, PAN Creation, Credit Card Bill Payment, and FAS-Tag.

Additionally, I contributed to implementing various encryption technologies to enhance application security.
